

SILVER Newsletter

No. #2, February 2026

Dear readers,

We are pleased to share the latest news from the Erasmus+ SILVER project. The past months have been full of active work, encouraging results and meaningful experiences, which we invite you to get acquainted with.

- In December 2025, the Erasmus+ SILVER project partners took part in a 3-day partnership training session in Paris. Six adult educators (two from each partner) participated in the training based on the developed e-Guide.
- The session focused on testing the training methodology, collecting participants' feedback, and identifying improvements to further refine the e-Guide before the pilot training phase.

Partners Training Session in Paris

- Since January 2026, pilot trainings for seniors have been taking place in Lithuania and France, during which the e-Studio learning platform is being tested. The first results are encouraging: seniors are actively engaged, strengthening their trust in digital financial services and using artificial intelligence tools with greater confidence.
- The trainings combine self-learning and group learning. Learning process include practical, AI-based exercises and place special emphasis on online safety.

Pilot training for seniors is already underway!

What's next?

Are you interested in senior training on digital financial literacy, and the application of artificial intelligence in the learning process?

We invite you to the conference – March 18, 2026 at 13:30 Santakos Hotel, J. Gruodzio str. 21, Kaunas, Lithuania.

During the conference:

- we will present the progress and results of the SILVER project;
- we will share experiences and insights from the pilot training;
- we will discuss the challenges we faced and what we learned.

Get involved!

Want to learn more about the project or see the results of the training?
